Dear Dr. Fink:

Please accept my sincere thanks for your poster presentation at the 27th Army Science Conference in Orlando, Florida.

I appreciate the effort you invested into preparing your manuscript and poster. Although I could not personally visit every poster this year, I was delighted to have your participation in the conference and sharing your research with our scientists, engineers, Warfighters and conference attendees. This level of interaction and exchange of scientific information is not possible in any other Army forum. I hope you found this experience rewarding. Please extend to your coauthors, Drs. You, Sadun, and Tarbell, my sincere appreciation for a job well done.

Thank you for helping make the 27th Army Science Conference a tremendous success.

Sincerely,

Marilyn Miller Freeman  
Deputy Assistant Secretary of the Army  
(Research and Technology)
